Hemoglobin Disorders (Hemoglobinopathies) Information for Parents Overview Hemoglobin is a protein in the blood that carries oxygen from the lungs to all the tissues in the body.

Hemoglobin Disorders (Hemoglobinopathies) Information for

An infant (from the Latin word infans, meaning "unable to speak" or "speechless") is the more formal or specialised synonym for "baby", the very young offspring of a human. The term may also be used to refer to juveniles of other organisms. A newborn is, in colloquial use, an infant who is only hours, days, or up to one month old. In medical contexts, newborn or neonate (from Latin, neonatus ...
