corporate financial distress and pdf

Corporate finance is an area of finance that deals with sources of funding, the capital structure of corporations, the actions that managers take to increase the value of the firm to the shareholders, and the tools and analysis used to allocate financial resources. The primary goal of corporate finance is to maximize or increase shareholder value. Although it is in principle different from ...

In order to analyze how firms' political connections affect their corporate innovation, we start with the descriptive analysis on showing the distribution of firms' ownership of political connections in different years, and the results are presented in Table 2. The number of companies with political connections increases before 2009 and remains steady after 2009.
