

the art of botanical pdf

Botanical illustration is the art of depicting the form, color, and details of plant species, frequently in watercolor paintings. They must be scientifically accurate but often also have an artistic component and may be printed with a botanical description in books, magazines, and other media or sold as a work of art. Often composed in consultation with a scientific author, their creation ...

There has always been a need for a "correspondence course"™, by which we mean a distance learning course where students learn by working and practising on their own on set assignments, then have the work assessed by experienced Tutors. From all over the world, including the UK, frequent requests came from aspirant botanical artists unable to attend a day, weekly or residential course, for ...
