Typically, the Roche limit applies to a satellite's disintegrating due to tidal forces induced by its primary, the body about which it orbits. Parts of the satellite that are closer to the primary are attracted more strongly by gravity from the primary than parts that are farther away; this disparity effectively pulls the near and far parts of the satellite apart from each other, and if the ...

The oldest of the doctrinal standards of the Christian Reformed Church and the Reformed Church in America is the Confession of Faith, popularly known as the Belgic Confession, following the seventeenth-century Latin designation "Confessio Belgica." "Belgica" referred to the whole of the Netherlands, both north and south, which today is divided into the Netherlands and Belgium.

Saying that it has always been this way, doesn't count as a legitimate justification to why it should stay that way. Teacher and administrators all over the world are doing amazing things, but some of the things we are still doing, despite all the new solutions, research and ideas out there is, to put it mildly, incredible.
